APP1 – Open and Transparent Management of Personal Information

Ensures that APP entities manage personal information in an open and transparent way. This includes having a clearly expressed and up to date APP privacy policy.

APP 2 – Anonymity and Pseudonymity

Requires APP entities to give individuals the option of not identifying themselves, or of using a pseudonym. Limited exceptions apply.

Outlines when an APP entity can collect personal information that is solicited. It applies higher standards to the collection of 'sensitive' information.

APP 4 – Dealing With Unsolicited Personal Information

APP 5 – Notification of The Collection of Personal Information

Outlines when and in what circumstances an APP entity that collects personal information must notify an individual of certain matters.

APP 6 – Use or Disclosure of Personal Information

Outlines the circumstances in which an APP entity may use or disclose personal information that it holds.

APP 9 - Adoption, Use or Disclosure of Government Related Identifiers

Outlines the limited circumstances when an organization may adopt a government related identifier of an individual as its own identifier, or use or disclose a government related identifier of an individual.

APP 10 – Quality of Personal Information

An APP entity must take reasonable steps to ensure the personal information it collects is accurate, up to date and complete. An entity must also take reasonable steps to ensure the personal information it uses or discloses is accurate, up to date, complete and relevant, having regard to the purpose of the use or disclosure.
