## Community Transport

Transport for NSW provides funding to St George Community Transport (STGCT) & other community transport operators to provide services under government programs.

### Commonwealth Home Support Program

The Commonwealth Home Support Program (CHSP) is aimed at supporting individuals in staying independent and in their own home for longer. CHSP funding is provided for eligible individuals who are:

- 65 years or older (50 years or older and identify as an Aboriginal or Torres Strait Islander person) or
- 50 years or older (45 years or older for Aboriginal and Torres Strait Islander people) and on a low income, homeless or at risk of being homeless.
- having trouble doing everyday activities without help, and
- need support to live independently in the community.

If you have been injured or hospitalised, you may be eligible for extra services through the program for a short time to help you get back on your feet after you return home.

STGCT is provided CHSP funding for the provision of community transport services.

Assessment for eligibility to receive CHSP support is managed by [My Aged Care](#).

### Community Transport Program

The Community Transport Program (CTP) assists individuals who are transport disadvantaged owing to physical, social, cultural and / or geographic factors. Individuals who do not qualify for other support programs may be eligible for community transport.

The key objectives of the CTP program are to provide transport to people who have no or limited access to private or Public Transport due to:

- their location,
- when they need to travel, or
- their financial resources (cost),
- or physical and cognitive capacities, to:

a) assist them to take part in activities that promote social inclusion and to obtain goods and services required for daily living such as groceries and clothing, medical services and other essential services;

b) provide connections to Public Transport.

CTP Eligible Customer means a person who:

- (i) requires a transport service for a medical, social, recreational or shopping purpose; and
- (ii) is not eligible to receive transport services for that same purpose, under another government program such as the CHSP, CCSP, TTSS, ASTP, NDIS or NEPT or any equivalent or replacement programs; and
- (iii) has limited or no access to private or Public Transport due to their location, when they need to travel, or their financial resources, physical or cognitive capacities.

CTP is funded by the NSW Government and aims to address transport disadvantage at the local level via community transport organisations. For more information on Transport for NSW community transport services, visit link:

## **What information will be passed on to the government?**

In order to support our communities, the government (both federal and state) provides funding to many community services. In order to make these services work well, the government needs to know how services support people in their homes and communities. The information reported to them is used for statistical purposes only and will not be used to affect your entitlements or your access to services. The Data Exchange (DEX) records information about those people who receive CHSP-funded assistance. The Data Exchange is a program reporting platform that provides a standard way of collecting and measuring service delivery and consumer outcomes

data. Administrative data provided by funded services is de-identified using a Statistical Linkage Key (SLK) algorithm so that no personal consumer information will be accessed by the Department of Social Services.

Remember that we can only pass on information about you if you give us your permission. The information the government needs to know includes:

- If you are male or female;
- Your postcode, suburb or town, and the State you live in;
- Your age and birth date;
- Whether you are a person of Aboriginal and/or Torres Strait Islander descent;
- Whether you own your own home, rent or board;
- Whether you receive a pension;
- What support and how much support you receive from other services;
- What language is spoken at home; and
- Country of birth.

Your personal information is protected by law, including by the Commonwealth Privacy Act. The DEX system is hosted by the Australian Government Department of Social Services. You can find more information about the way the Department will manage your privacy in the Department's APP privacy policy, which the Department has published on its website:

<https://dex.dss.gov.au/policy-guidance/information-for-clients-on-privacy/>

This policy also includes information about how you may complain about a breach of the Australian Privacy Principles by the Department, and how the Department will deal with your complaint.

At the time of assessment, you will be asked if you are willing to sign a consent form this form includes consent for your data to be sent to the Funding Body or for your file to be accessed for purposes of departmental/ internal auditing and reporting processes.

Please advise St George Community Transport if you wish to change your consent preferences by contacting the office by telephone on 029585 3000 or emailing [reception@stgct.org.au](mailto:reception@stgct.org.au). We will provide you with a new form to complete.

STGCT endeavours to provide you with services to meet your needs. In the event of an emergency or disaster such as a bush fire or flood, STGCT will contact you to ensure you are safe and check what supports you require.

If you are impacted by emergency or disaster and require immediate help, here are details of numbers to assist in an emergency:

### Emergency Services

1. Call Triple Zero (000) if you or someone is seriously injured; need medical help; there are threats to property of life; or have witnessed a serious crime or accident.
2. Call the NSW State Emergency Services (SES) on 132 500 if you have experienced damage from storms, wind or fallen trees or require assistance due to flood or tsunami emergency:
3. Call 131 444 for the Police Assistance Line

### Lost Property

Property left in any vehicle either owned or brokered by the Service is to be returned to the office. Should the driver of the vehicle be able to identify the Consumer/Participant who owns the property, the Consumer/Participant will be notified, and arrangements made for the return of the property.

All non-perishable items will be donated to a charity after three months. All perishable items may be disposed of after one day.

The Service will not accept any responsibility for items left in the vehicles.

## **Service Parameters**

Often our lives cannot be planned and appointments etc. may come up with very little notice. While the Service asks that Consumers/Participants provide as much notice as possible, the Service will try to provide service with short notice. Unfortunately, due to the demand on the Service this may not always be possible or may require some flexibility on the Consumers/Participants part (e.g. assisting us by seeing if appointment time can be changed etc.)
